- Now Overall (So Far) **68% of Secondary School teams are playing 3 or more** games each year.
- No increase in the number of teams participating
- 30 Games un-played in both leagues so far.

Additional Information :

5 additional schools – Ely, Witchford, Neale Wade, Thomas Clarkson, Littleport have been operating under their own ‘district league’ potentially playing an additional 20 games across the U13 & U15 age groups. Next year we will look to hopefully add these 5 schools to the fulltime website with the support of Hunts FA so that scores and stats can be added.

Furthermore next year we will look to introduce the U14 and U16 Girls County Knockout Cup. Teams that have qualified in the top 3 or 2 positions in their U13 and U15 Leagues this year will be put through to a knockout cup next year. This will allow us to offer competitions at age groups U13, U14, U15 & U16, offering an incentive to do well in your district league and maintaining the emphasis on competition in sport for schools with strong girls football teams. With the introduction of this there is the potential for an additional 14 games of football to be played.

Girls County Rep Teams :

Two teams at U14 & U16 played all 8 SEESFA League Fixtures this year with in excess of 65 girls trialling last summer for the teams. We anticipate an increase in these numbers for the upcoming trials this June.
