## ESFA U18 SUPER LEAGUE - WOMEN'S COMPETITION

Welcome to the launch of the inaugural English Schools' FA Under 18 Super League!

This exciting new format of competition is designed for those schools, colleges and private providers which offer a football academy or development programme at the sixth form level. If your establishment offers such a programme that allows your students to benefit from regular football training, strength & conditioning and possibly analysis sessions, then this is the competition for you! All matches are played outdoor using age appropriate pitch and goal sizes in accord with FA rules. Please note, for the first season, we will be using League Republic as the platform to host fixtures, results and league tables until the new ESFA website and software is launched in Season 2020-2021.

## ACCESSING AND ARRANGING YOUR FIXTURES

To locate your fixtures, please click [here](#).

Once you have located your fixtures, please contact your opponents at your earliest opportunity to make arrangements to play fixtures **before** the published deadline dates. Both Home and Away team managers have equal responsibility for initiating contact to arrange fixtures. We strongly recommend that date offers are made via email so that you have some evidence available should a dispute arise further down the line.

Deadline dates for completing each round are published online and in this document. The deadline dates must be strictly adhered to as failure to comply with them may result in the fixture being declared void or the points awarded to one team as appropriate. Any requests for an extension to a deadline date must be made via email to [darren.alcock@schoolsfa.com](mailto:darren.alcock@schoolsfa.com) detailing the reasons why the match cannot go ahead on time or if you have any issues regarding your fixtures. Permission to play during the week following a published deadline date will only be considered if both teams are mutually agreed to go beyond the deadline date. The ESFA reserves the right to decide the winning team via a computer generated win if no result or communication has been received by the deadline date. The only acceptable reason for the match not to go ahead on time is due to inclement weather. This is to ensure that the competition can move forward in a timely manner.
