

David Eccles

It is with great sadness that I inform you that David Eccles, Goalkeeper Coach to the Scottish Schools' FA, has lost his life following a mountain biking accident on Friday 17 July 2020.

David was a real giant amongst the schools' international football community and a true gentleman. He was always ready to provide a willing hand and offer sage advice where appropriate. He will be fondly remembered by all who came into contact with him, particularly those players that he worked with.
