ESFA INTER-SCHOOL CUP GUIDANCE**WELCOME TO ANOTHER SEASON OF SCHOOLS' FOOTBALL**

Many thanks for joining us for another season of English Schools' FA National Cups! It has been an extraordinary few years, so we are pleased to announce that we have broken the record for the number of school football teams participating in our competitions for Season 22-23 – over 7,000 teams have registered which is an increase of over 500 teams on last season's total. It is also extremely pleasing to see that the number of girls' teams registered has broken the record for the second consultative season, with over 1,800 teams participating across the age groups.

Like the thousands of teachers in secondary schools across England, we believe it is as important as ever that we continue to encourage schoolchildren to play schools' football and offer them the opportunity to participate and experience quality National Cup competitions. The benefits of leading an active and healthy lifestyle have been proven and the life skills that schools' football teaches young students (resilience, teamwork, problem solving, etc) will help develop our youngsters as they progress through their school careers.

We understand that the additional time and financial pressures being placed upon schools and PE departments is making matters increasingly difficult as the years go by, so you are commended for your commitment in helping develop the national game and offering the children the opportunity to participate in competitions that, we hope, will really capture the imagination of the students and create memories which will last a lifetime.

What do we offer?

The English Schools' FA has developed a framework of National Competition that is designed to promote participation, but also cater for those talented footballers that are within our school football system.

Girls' Schools' Cups

These competitions are specifically designed to aid the development of girls' football. Therefore, boys are not eligible to participate in this competition. Girls can compete in boys' football (mixed football) up to and including the Under 18 age group and should not be prevented from doing so if the player is of the required ability to be selected.

Boys' Elite Schools' Cups

This category of competition allows those schools with more than 3 academy players in a team to play against other schools of a similar standard, which will hopefully, offer more competitive fixtures to help the development of the individual players involved.

Boys' Schools' Cups

These competitions are for what we would classify as 'normal' school football teams. Teams cannot name more than 3 professional club academy players in squad for a fixture, which will hopefully, give those schools a chance to compete at a level that is appropriate to their players' ability.

Boys' Small Schools' Cups

We offer these competitions for those schools which feel they cannot compete against the larger schools within England. To be eligible to submit a team into this category of competition a school must have fewer than 65 boys on roll in the specific year group.

Boys' B Team Cups

This category of competition is designed to increase participation amongst our member schools. To be eligible to enter a team into the B Team Cup, the school concerned **must** have entered a team into the A Team Cup for that age group and fulfilled a fixture. Only players who have not represented their school in the 'A' Team Cup are eligible to take part in the 'B' Team Cup. Players registered with a professional club academy are not eligible to take part in the 'B' Team Cup.

Planning Fixtures and Reporting Results

To view your ESFA National Cup fixtures go to your account at www.esfa.co.uk/schools and login using your ID number and password (or you can view the full draw at www.esfa.co.uk/competitions).

Once you have logged into your ESFA account you can view your fixtures by clicking the 'ESFA Team Fixtures' link on the right hand margin menu. Please contact your opponents at the earliest opportunity to make arrangements to play National Cup matches before the published deadline dates. **Both Home and Away team managers have equal responsibility for initiating contact to arrange fixtures.** We strongly recommend that date offers are made via email so that you have some evidence available should a dispute arise further down the line.

Reporting fixtures & results: Please report the date, venue and kick-off details in advance of your fixtures and submit results promptly after each match (with goal scorers' names for both teams) by logging into your school's account. This facility will also allow you to view your next opponents as well as your previous results in the competition. If you have colleagues in your PE Department that help run teams, please advise them of the facility and login details. You can also submit results via www.esfa.co.uk/submitmyscore

When accessing fixtures via your account, clicking on the name of the team you are drawn against will bring up the contact details for the team manager / secretary, which in many cases, makes contacting opponents much easier than looking through a copy of the handbook.

Deadline Dates

Deadline dates for completing each round are published online and in the handbook. The deadline dates must be strictly adhered to as failure to comply with them may result in your School or College being withdrawn from the competition or being charged an admin fee for submitting a late result. Any requests for an extension to a deadline date must be made via email to competitions@schoolsfa.com detailing the reasons why the match cannot go ahead on time or if you have any issues regarding your fixtures. Permission to play during the week following a published deadline date will only be considered if both teams are mutually agreed to go beyond the deadline date. The ESFA reserves the right to decide the winning team via a computer generated win if no result has been received by the deadline date. This is to ensure that the competition can move forward in accord with the date structure.

Summary of Rules

The complete rules for the competitions are published online at <https://schoolsfootball.org> and printed in the handbook. You will need to refer to the 'General Competition Rules' and also the rules stated under the specific competition title. Please pay particular attention to the age qualifications for each competition!

- No financial assistance is available towards travel or accommodation in any round of Inter-School National Cups this season

Appointing Match Officials and teamsheets: The appointment of Match Officials is the responsibility of the 'home' team. Your local Referees' Association Secretary or County Schools' FA / FA Referees' Officer may be available to assist with the appointment of Match Officials. If you are unable to appoint a neutral and qualified referee, then you must inform your opponents before they travel as a matter of courtesy. Teamsheets are available to download from the ESFA website. The forms should be completed and submitted to the match referee at least fifteen minutes before kick-off.

It is important to note that all match officials, if they are not part of your school staff, must hold a current and valid FA DBS / Criminal Record Check to officiate in a fixture involving children.

Discipline: Full information regarding discipline procedures is available to view via the discipline section of the ESFA website.

Important notice regarding Academy Players: In Boys' Individual School/College competitions, a maximum of three players who attend an FA Licensed Academy run by a professional club which employs contract players can participate in a match. This rule applies to all schools and colleges, regardless of whether they are officially partnered with a professional club academy. In the Elite Schools' Cup there are no restrictions on the number of academy players that can be fielded by a school or college.

3G and 4G Football Turf Pitches (FTPs): In accordance with FA rules, it is important to understand that competition fixtures are not permitted to be played on a 3G or 4G pitch unless it has been tested and appears on the FA register which can be found at <http://3g.thefa.me.uk/>. It is the responsibility of both teams to ensure the playing surface is registered and therefore safe to use.

Temporary Dismissals for Players (Sin Bins): Sin Bins (Temporary Dismissals) have been introduced to improve the match experience for everyone involved with the game. To understand more about the process you can undertake a quick course by visiting <https://www.Englandfootball.com/explore/inclusive-football/Respect/sin-bins> - this resource

looks at why the scheme was introduced, and how referees will apply it on the field of play for players and team officials.

Get social - to keep up to date with competitions, information and to share your football season with us, you can follow @SchoolsFootball on Twitter and check our news pages of the ESFA website. The order of precedence regarding schools' football fixtures, as agreed by the ESFA Council, is as follows:

1. ESFA International matches and International selection weekends
2. ESFA Inter-County matches
3. ESFA Inter-District matches
4. ESFA Inter-School matches
5. Non-ESFA Inter-County competition matches
6. Non-ESFA Inter-District competition matches
7. Non-ESFA Inter-School competition matches
8. Inter-County non-competition matches
9. Inter-District non-competition matches
10. Inter-School non-competition matches

The most likely clashes are between counties and districts, particularly when a district has a game in the ESFA Inter-District Cup, and a county has a non-ESFA competition match. In such an instance, the ESFA Inter-District game would take precedence.

POLICY RELATING TO THE APPOINTMENT OF MATCH OFFICIALS

Competition Rule 13 – Match Officials:

- (a) The Match Officials shall be appointed as Council shall direct. Their duties shall be accordance with the Laws of the Game as sanctioned and enforced by the International Football Association Board.
- (b) In the event of a referee failing to appear, the teams involved must agree in writing upon one on the ground so that the game shall be conducted in accordance with the rules. The official so acting shall have the powers of a duly appointed referee.
- (c) Match Officials for National Competitions shall be arranged by Council Members in accordance with the rules of the competition

Policy for all Rounds up to and including National Quarter Finals:

The ESFA Council directs that the appointment of Match Officials is the responsibility of the 'home' team in all rounds of ESFA National Cup competitions, up to and including the Quarter Finals. The local Referees' Association Secretary or County Schools' FA / FA Referees' Officer may be available to assist with the appointment of Match Officials. All appointed referees must hold and valid and current DBS Criminal Record Check and be registered with the County FA. If the home team is unable to appoint a neutral and qualified referee, then the away team must be informed before they travel as a matter of courtesy and to agree upon who will referee the match.

In the National Semi-Final and Final, the appointment of Match Officials shall be the responsibility of the ESFA National Competitions Manager. The Director of Operations may, at his / her discretion, delegate the responsibility of the appointment to a local County or District Schools' FA. The following will be taken into consideration when appointing match officials:

1. The Match Officials will not reside in the county of the home or away team and shall have no direct link with the school, District or County Association.
2. The location of the match and journey times involved to save on travel and cost. Teams of Referees, sharing transport will be equally considered (safeguarding regulations must be complied with).
3. All Match Officials MUST hold a valid and current FA DBS Criminal Record Check
4. All Match Officials will be registered with their County FA and must have declared that they are available to officiate in Youth and School matches and have actively officiated in Schools' Football during the current season.

5. For National Cup final fixtures, a suitably qualified referee will be appointed to the match. Young referees, with appropriate experience, can be considered for Under 11 – Under 13 Cup finals.
6. Match Officials are role models for the young children involved, so must be of a good level of fitness and of a suitable profile to officiate.
7. The ESFA encourages young officials to be involved, but also suitably skilled & experienced enough to officiate the fixture.
8. Referees will be required to wear the ESFA Badge that will be sent to them in the post before the event.

National Finals are formal occasions so Match Officials will be expected to arrive & depart from the venue, suitably attired. If Officials require an ESFA Referees Tie than we can arrange for this to be sent in advance of the event, subject to cost and availability.

The English Schools' FA will pay travel expenses at £0.25 pence per mile for national Semi-Final and Final fixtures. Match officials are encouraged to travel together where possible. This policy will be reviewed from time to time and subject to financial decisions made as deemed necessary by the ESFA Trustees. The ESFA recommends that a match fee of £30 is offered to the referee and £20 for each assistant referee, save for those that have been invited to officiate at a National Finals, where officials will be presented with a suitable memento and a post-match meal.

Updated; January 2021

ESFA POLICY RELATING TO THE POSTPONEMENT OF MATCHES

Consideration should always be given to securing a certified 3G or 4G pitch, at least as a backup, to increase the chances of the fixture being played. Communication between both teams is imperative particularly when a long journey is involved. If the weather forecast or conditions give reason for suspecting a pitch might be unplayable then these guidelines should be followed to minimise wasted journeys and to allow the away team to potentially avoid incurring unnecessary travel costs. In such cases, the home team must use best endeavors to make an early morning pitch inspection to decide whether the pitch is "Unplayable", "Playable" or "In Doubt". This inspection could be done by a referee, by a team official or venue official. Where the weather forecast is inclement during the days leading up to the fixture and it is extremely unlikely that the game will go ahead, then an earlier decision may be required if a particularly long journey and in some cases where an overnight stay is involved.

- With "Unplayable" pitches that are not going to be playable by the KO time, a home team representative should telephone the away team manager / official to cancel immediately so unnecessary journeys are not made. This call should be made before contacting home team players
- With "Playable" pitches (including pitches that will obviously thaw in time), the Home Team need not do anything. The away team manager will presume the match is on unless he/she is called
- With pitches "In Doubt" (and unlikely to thaw in time) then a home team representative should telephone and advise the away team manager of the possibility of abandonment. It is then up to the away team manager to decide whether his team makes the journey or not, taking into account how far the journey is

The Inspection

- Take some time to consider all that you have seen and heard (if relevant)
- If you are in doubt about whether to play the game or not – postpone the game

It is better to postpone the game and be wrong, than play the game and be wrong!

- Make a decision in your mind and stick to it (unless something really drastic occurs that would need you to change it i.e.: the weather completely changes in a very short space of time)
- Discuss the situation as you see it with the team(s) and explain your decision as to whether the game can go ahead or not. Refer to the evidence you have i.e.: weather forecasts/actual things you have seen whilst inspecting the pitch
- Be positive in your approach to people who are seeking your opinion and show a degree of empathy if the game cannot go ahead, especially if others disagree
- If the game can go ahead, ensure you remind all those concerned that if for some reason things do change that cause you a real concern for the safety of players and yourself... you do reserve the right to reverse your decision to preserve the safety of the players and yourself

This is just a caveat in case of need; if you are in doubt about whether to play the game or not – postpone the game.

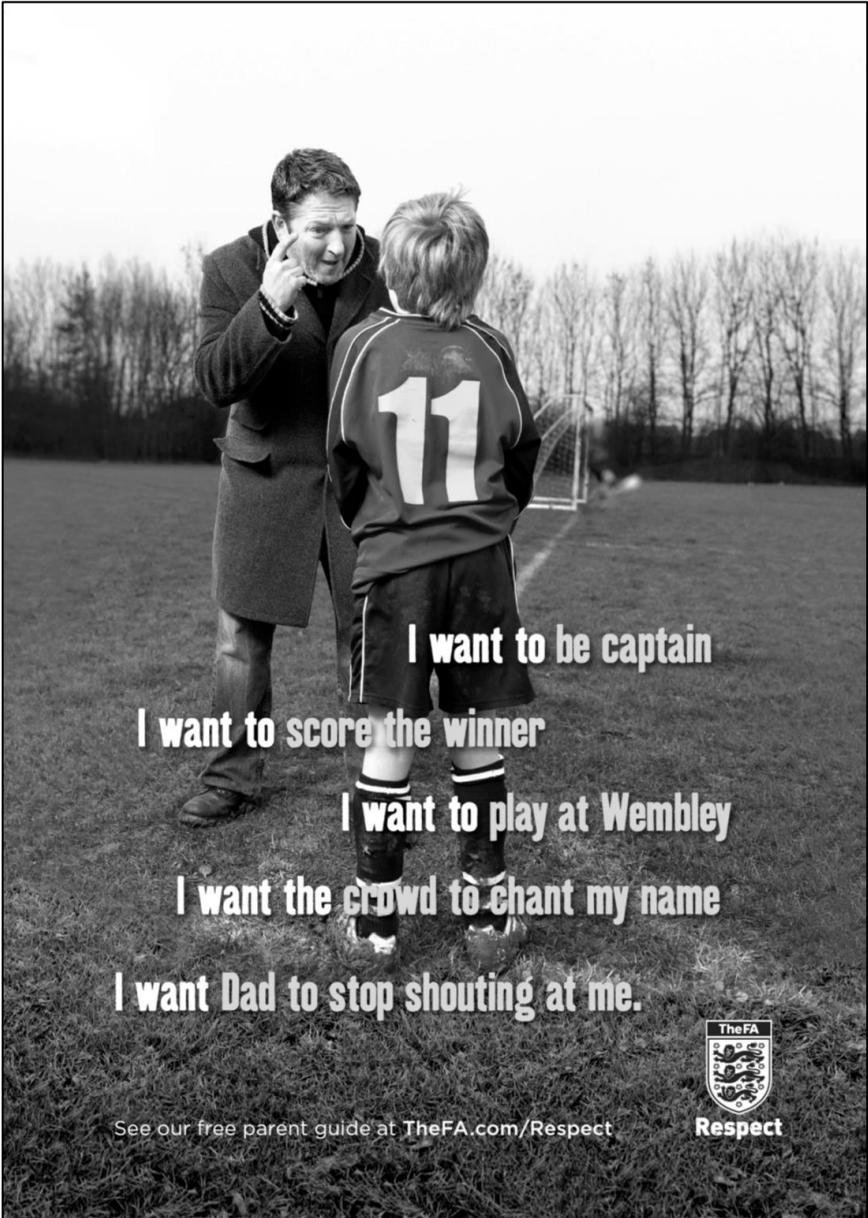

- The reference point for your decision is always the safety of the players and yourself

If this cannot be guaranteed for the whole of the game re: the playing surface/pitch conditions then postpone the game

- If you don't think you will finish the game... don't start the game
- Make a brief note of your discussions and with whom... so that you can accurately report the circumstances around your decision. This will be required by the organiser of the competition the game was due to take place in if the game is postponed

If the home team fails to communicate that a match has been postponed and the visiting team has travelled a significant distance or undertaken a good proportion of the journey, then the ESFA may switch the re-arranged fixture in order to share the cost of travel for the game. Note: In relation to Inter-District and Inter-County fixtures, the ESFA will only pay out travel and staging grants for matches that have taken place and not those that have been postponed or cancelled.
